Final design/build team interviews and composite scoring completed

**Elkhart County, Indiana** (January 13, 2021) – Elkhart County’s Consolidated Courts project continued to move forward this week as three final design/build teams from across the nation were interviewed by the County’s Technical Review Committee (TRC) on Tuesday, January 12. The interviews which began at 8:45 a.m. Eastern Time, concluded at 2:30 p.m. Eastern Time.

In a public meeting held at 2:30 p.m., Eastern Time, the TRC team used a score sheet to assess and then assign a Composite Score to each Qualitative Proposal. “Now, we move on to the final decision regarding a design/build team,” added Lucchese, Vice President of the County Commissioners. “We expect to make that decision at our next public meeting on the 19<sup>th</sup>.”

“This is a well-coordinated and thought-out process,” added Rogers, who was elected as County Commissioner in November 2020. “We’re going to keep this on track and on budget as we move forward.”

The genesis of a consolidated Elkhart County Courthouse system goes back to 1992. The project has been discussed as a necessary improvement since that time.

Beginning in January 2018 and concluding in July of 2020, more than two dozen locations were studied by Elkhart County government as potential sites for the consolidated campus. The studies included sites in downtown Goshen and downtown Elkhart.

On September 12, 2020 an initial bond agreement was approved in the amount of \$35 million for the first phase in financing to purchase land, design and build the new courthouse.

On November 14, 2020, the Elkhart County Council unanimously approved the purchase of 32 acres of vacant property at 1905 Reliance Road in Goshen as the location for the new consolidated courts campus.

On December 9/10, 2020, the TRC interviewed 8 design/build teams. On December 15, 2020, the TRC narrowed the field of design/build teams down to three.

On January 12, 2021, the TRC interviewed three finalists for the project and assigned 16 Qualitative Scores to each design/build team. The TRC's Qualitative Scores were submitted to the County Commissioners on the same day, and the Commissioners approved the submission unanimously at that time.
